

Communication

Date	2 July 2026
Team ID	xxxx
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Project Planning (Initial Discussion)	Once	Personal Notes / Notion	M. Nagarishitha	Define project scope, objectives, and timeline
2	Progress Update	Weekly	Notes / To-Do List	M. Nagarishitha	Track weekly progress, milestones, and next steps
3	Issue / Bug Discussion	As Needed	Notes / Debug Log	M. Nagarishitha	Identify, analyze, and resolve issues and track bugs
4	Model Evaluation Review	Bi-Weekly	Jupyter Notebook / Google Colab	M. Nagarishitha	Review model performance, metrics, and observations
5	Demo Preparation	Once	Notes / Presentation File	M. Nagarishitha	Prepare demo, validate results, and ensure readiness
6	Final Review & Closure	Once	Self Review	M. Nagarishitha	Review deliverables, document outcomes, and plan next steps

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Balancing time between data preprocessing and model training.	Planned weekly goals and followed a structured schedule to stay on track.
2	Choosing the right model and parameters.	Ran multiple experiments and compared performance metrics before finalizing the model.
3	Performance issues during model testing.	Optimized features and tuned hyperparameters to improve model performance.
