

Demonstration of Proposed Features

Date	2 July 2026
Team ID	XXXX
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	User Input Form	Allows users to input applicant details such as Age, Income, Credit Score, Employment Status, etc.	Implemented	Yes	Working Successfully
2	Data Preprocessing	Handles missing values, encodes categorical variables and scales numerical features.	Implemented	Yes	Completed
3	Credit Card Approval Prediction	Uses trained machine learning model to predict whether credit card will be Approved or Rejected.	Implemented	Yes	Accurate Results
4	Result Display	Displays prediction result (Approved / Rejected) with confidence score.	Implemented	Yes	User Friendly
5	Model Evaluation	Evaluates model performance using metrics like Accuracy, Precision, Recall and F1-Score.	Implemented	Yes	Good Performance
6	Single User Interface	Provides an easy-to-use interface for input and viewing prediction results.	Implemented	Yes	Successfully Demonstrated

Feature Implementation Summary:

Total Features Proposed	6
Total Features Implemented	6
Total Features Demonstrated	6
Overall Implementation Rate (%)	100%
